TECHNOLOGY AT WORK

Robotic Fulfillment Center's Pods and Stations

- Inventory held on pods:
 - Shelves moved by robots
 - Designed for density and durability
- Operators at stations:
 - Pick product for orders
 - Stow inventory to pods
 - Inventory control

” *We are not afraid to fail and failure and invention are inseparable twins. To invent you have to experiment, and if you know in advance that it's going to work, it's not an experiment.*

~ Jeff Bezos

” *Amazon is growing at a pace that requires the best and brightest talent to be brought in to our company to help us continue to make history.*

~ Jeff Bezos

Amazon has hundreds of millions of customers who benefit from **diversity of thought**.

We bring varying backgrounds, ideas, and points of view to decisions and inventing on behalf of our customers.

We are working to develop leaders and shape future talent pools to help us meet the needs of our customers around the world.
